## Aristel EnGenius. The cordless phone that works for our business. Just think what it will do for yours.

Whether your business needs cordless communications across an airport, factory, farm, warehouse, golf course or city building the answer is Aristel EnGenius DuraFon. The totally flexible cordless phone system with a range of 5 - 10 km line of sight and up to 185,000 m<sup>2</sup> indoors.

With features including up to 90 ultra-durable handsets, person to person calls and paging to groups or all handsets, EnGenius DuraFon increases efficiency and saves money. No-cost handset to handset calls eliminate the expense of using mobile phones on site. And every EnGenius DuraFon handset simply becomes an extension of your existing phone system.
